

PADI SPECIALTY - ICE DIVER

This specialty class offers you the adventure of a lifetime to dive extreme and test the limits of fun. The ice diver class allows you to experience year round diving potential within the 'light zone" (within 130 feet total distance from the surface, including vertical and horizontal distances combined).

Upon completion you will earn the PADI Ice Diver certification. This class counts toward the Master SCUBA Diver rating. Master SCUBA Diver is the highest non-instructional classification in the PADI system of diver education. For this level of achievement you must have 50 logged dives and hold PADI Rescue Diver certification along with five PADI Specialties.

This class will cover:

- Ice dive planning
- Organization
- Site selection and preparation
- Special equipment
- Safety diver procedures
- Surface support and tending

Class Includes:

- Minimum of 12 hours of supervised training
- 3 certification dives over two days
- Certification Processing
- Certification Photo
- Air Fills

Pre-requisite: PADI Adventures in Diving (AOW) certification or equivalent
