

Come Dive with Us!

“Your Pre-Dive Safety Stop”

Straits of Mackinac, Michigan

July 14 – July 18

**Air Down There SCUBA
is adding a new wreck diving destination!**

Experience the thrill of wreck diving in Lake Huron & Lake Michigan. Swim through the massive break in the *Cedarville*, an ore carrier that split in two after a collision in 1965. Enjoy the spectacular bowsprit and intact railings of the Sandusky, lost in 1856. Marvel at the structure of the Eber Ward and the splendor of the Maitland.

The amazing preservation of shipwreck history is why diving in the Great Lakes is so fascinating!

This trip is for Advanced Open Water divers or higher, with at least 20 fresh water dives in a drysuit. Deep Diver and Wreck Diver certifications are recommended but not required. Due to the diving conditions of these sites, high capacity cylinders and redundant air supplies are highly recommended.

Trip Includes: 3 days of 2 tank diving, 4 nights accommodations. Air fills, meals, gratuities and transportation are **NOT** included. You are welcome to carpool. Please let us know if this option is for you.

Trip Cost: For divers: \$525.00* per person plus tax. *Prices subject to change.

A \$200.00 nonrefundable deposit will hold your spot. Space is limited.

LET'S GO DIVING!
