

PADI SPECIALTY - NIGHT DIVER

Night diving allows divers to witness the many interesting and exciting nocturnal marine creatures that remain hidden during the day!

Upon completion you will earn the PADI Night Diver certification. This class counts toward the Master SCUBA Diver rating. Master SCUBA Diver is the highest non-instructional classification in the PADI system of diver education. For this level of achievement you must have 50 logged dives and hold PADI Rescue Diver certification along with five PADI Specialties.

This specialty class is designed to be a safe, supervised introduction to night diving. This exciting specialty consists of 3 open water dives and covers:

- The planning, organization, procedures, techniques, problems and hazards of night diving
- Proper procedures for buoyancy control, navigation and communication
- Use of dive lights and buddy-system techniques
- Disorientation and emergency procedures
- Orientation to nocturnal aquatic life

Class Includes:

- PADI Night Diver Manual
- Certification Processing
- Certification Photo
- Air Fills
