

## PADI RESCUE DIVER

The PADI Rescue Diver Class makes the serious subject of accident prevention and management enjoyable and rewarding. Your knowledge and experience will expand beyond recreational levels since you will learn to consider the safety and well being of other divers. You will also learn to recognize and prevent potential diving accidents and develop skills on how to handle them if they should occur.

This class consists of twelve (12) open water training exercises. It emphasizes flexibility and adaptation to personal and environmental conditions. Although this class is serious, it is an enjoyable way to build your confidence.
