

PADI SCUBA REVIEW

Are you a certified diver, but haven't been in the water lately?

Are you looking to refresh your dive skills and knowledge?

If you answered "Yes" to these questions then the PADI SCUBA Review Class is for you. In this class you will review the safety information that you learned during your initial training as a SCUBA Diver. Then, you head to a confined water session to practice some of the fundamental SCUBA skills.

After your SCUBA Review you'll be prepared to get back into diving or continue your dive education.
